

US NAVAL FORCES, EUROPE SIXTH FLEET

TRICARE EUROPE COUNCIL

6 Dec 2005

***CAPT Mike Stocks, MC, USN
Force Surgeon***

OVERVIEW

- ***Who are we?***
- ***What's our mission?***
- ***What do we do?***
- ***Whom do we work for?***
- ***Where do we do it?***
- ***What are the Commander's Priorities?***
- ***Where is transformation taking us?***
- ***What does this mean for HSS?***

WHO ARE WE ?

- ***We are NAVEUR, the Naval Component of the European Command***
- ***We are the 6th Fleet ... The operational element of NAVEUR***
- ***We are the ADDU Health Service Support staff element of Commander, Navy Region Europe***

WHAT'S OUR MISSION?

- ***Provide Health Service Support to Fleet and FMF units at sea and ashore in peace, contingencies, and war and ensure optimal health care to sailors and their families in close coordination with Navy Medicine East and the Bureau of Medicine and Surgery***
- ***Provide medical planning and operational support for current, and future naval activities in the AOR afloat and ashore***

WHAT DO WE DO?

- ***Analyze and prepare Health Services Support requirements for joint and combined operations of naval activities ashore and afloat.***
- ***Primary advisor to CNE-C6F and CNRE leadership on all medical and health care matters***
- ***Develop Deliberate and Crisis Action medical plans***
- ***Provide medical planning & ops support for exercises***
- ***Deploy afloat & ashore as medical staff (split ops)***
- ***Medical and Dental readiness management***

WHOM DO WE WORK FOR?

WHERE DO WE DO IT ?

- ***We are NAVEUR the Naval Component of the European Command***
 - ***EUCOM is the Combatant Commander (COCOM)***
- ***We plan and execute Naval Operations throughout the EUCOM Area of Responsibility***

COMUSNAVEUR PRIORITIES

Commander, U.S. Naval Forces Europe

Top Five Priorities

Develop Leaders

Help Win the War on Terror

Expand Navy Europe Transformation

Sustain Supremacy at Sea

Strengthen Enduring and Emerging Partnerships

*"Get up early, work hard all day,
and don't go to bed until you are smarter than when
you woke up and you made your world a better place."*

-- Admiral Harry Ulrich

NAVEUR Medical Transformation

"We need to transform and we will transform. But we will ensure we retain the maritime leadership that is the legacy of Navy Europe."

ADM H.G. Ulrich III

Commander Naval Forces Europe

NAVEUR - Ideally Poised to Support Transformational Requirements

- Defend the homeland and Deny terrorists sanctuary
- Build and exercise multinational capabilities and promote self-reliance

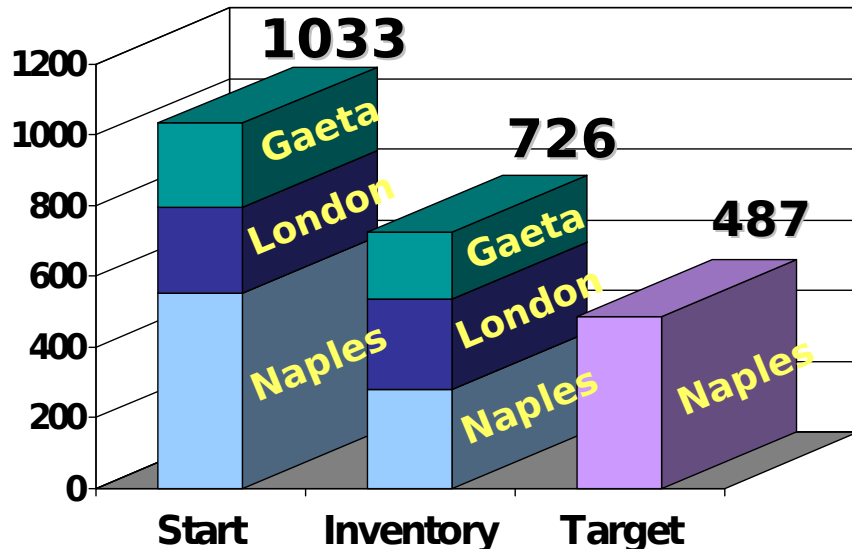

- Promote security and Deter aggression
- Ensure Military Superiority and win the Nation's Wars
- Enable Theater Security Cooperation

NAVEUR-C6F STAFF MERGER EXECUTION

- **CNE/C6F/CFM merged and cut 50%**
 - 1033 baseline reduced to 487
 - CTF staffs reduced by 85%
- **London**
 - CNE staff relocation completed August 05
 - CNAUK closed by end of FY06
- **Gaeta**
 - C6F staff relocation completed August 05
 - Reduced Infrastructure annexed by NSA Naples

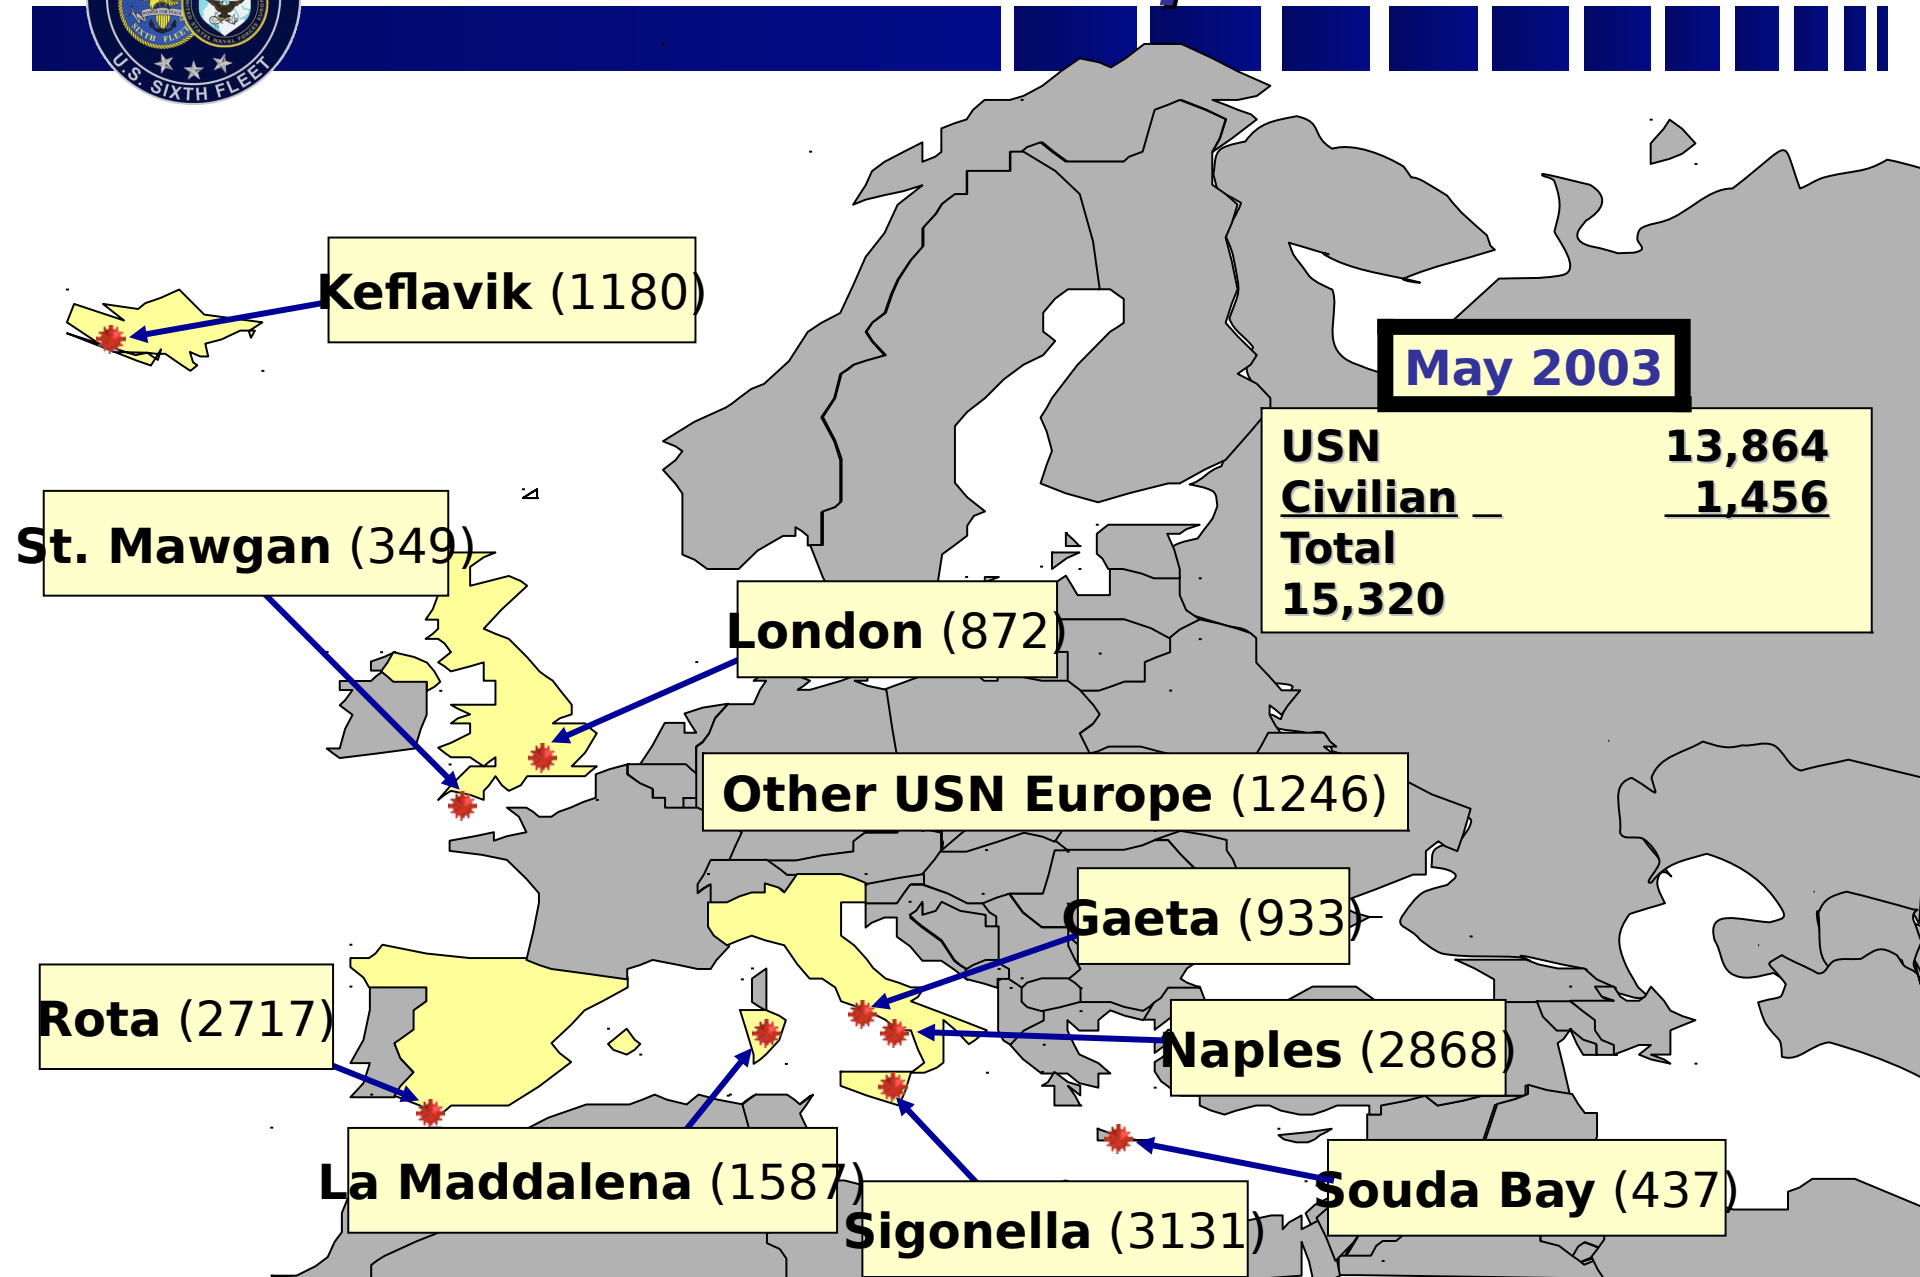

Actions to reduce inventory to match targeted billets:

- Suppress requisitions for CNE, C6F, CFM
- Accelerated PRDs to match targets
- Admin transfer personnel into CNE/C6F
- PCS small number from London/Gaeta to Naples

2003 NAVEUR Footprint - Baseline

2006 NAVEUR Footprint - Scorecard

2003 Baseline	15,320	
<u>2006 TFFMS</u>		<u>Goal</u>
USN	12,176	
~7,500		
Civilian	1,474	~
600		
Total	13,650	
8,100		
Reduction	1,670	
~7,250

NAVEUR Medical Transformation

- ***NAVEUR is engaged in a multi-year, phased and incremental process of Transformation***
- ***Desired effects are:***
 - ***Expeditionary maritime forces operate in theatre***
 - ***Base infrastructure sized & aligned to support operational focus “South & East”***
 - ***Effective & efficient command structure***

NAVEUR Medical Transformation

- ***Process of evolution: need to retain flexibility for adaptation during implementation***
- ***Transformation does not reflect a reduced commitment, but is in fact increased, tailored commitment to specific regions in theater***

NAVEUR Medical Transformation

- ***NAVEUR Transformation is about much more than Navy Medicine. Proposed base closures are reflective of overall strategy and driven by operating force requirements.***

WHAT DOES THIS MEAN FOR HSS?

- ***Increasing our coordination and collaboration efforts supporting transformation with the other Component Surgeons***
- ***Increasing our coordination and planning efforts with our allies e.g. NATO etc.***
- ***Enhancing coordination and communication with Claimancy 18 activities***
